

NOTIFICATION TO LAKE ROSALIND RESIDENTS

RE: Passing of Recommendation to the Board of Directors

Date: April 7, 2022

A Recommendation from the Lake Rosalind Boating Committee regarding boats with wake enhancing modifications was presented to the Lake Rosalind Property Owners Association Board of Directors on April 7, 2022.

The Recommendation received strong support from residents through survey data and written/verbal feedback.

The following Recommendation received unanimous approval from the Lake Rosalind Property Owners Association Board of Directors:

The Lake Rosalind Boating Committee recommends that a cooperation and compliance request (good neighbour policy) be enacted requiring that operators of boats that are modified in any way to amplify or enhance their wake refrain from using such practices for the intent of wake surfing or other such purpose.

The LRPOA Board of Directors is guided by resident response in requesting the elimination of wake enhancing for wake surfing or other such purpose on Lake Rosalind as of **May 1, 2022**.

Residents are encouraged to include this Recommendation in any selling agreement so as to make new purchasers aware of the details of the Recommendation.

Landlords are encouraged to share this Recommendation with tenants so as to make tenants aware of the details of the Recommendation.

This Recommendation refers to wake surfing only and does not include water sports such as water skiing, wakeboarding, tubing or other such water sports where wake enhancement is not required.
